Break Pennac Jinx in Twilight Game

**Narberth Takes Revenge For
Previous Defeats, Win-
ning 4-3.**

FANS SEE TIGHT BATTLE

By John Uberti.

After three fruitless attempts Narberth successfully cast aside the Pennac Jinx and whipped the fast sons of the Penn Athletic Club 4-3 in a twilight game Wednesday. The Pennacs had trounced the locals twice last year and once this year in a practice game. Performing with the celerity and knack of champions the Davismen gave the Pennac clan the game of their lives as they brushed aside their foremost nemesis in local baseball.

There was no scoring until the fourth inning, at which time Narberth unmercifully bombarded the invaders.

Gilfillan was first man up in the fourth and blanked as he did once before. Martin, fleet-footed adonis, who succeeds Manager Davis on first base, started the fireworks with a swift grounder that found its way through Sullivan's legs, putting him on first. Weaver's error put Mulligan on and Thomas missed three in a row. Young singled over the second baseman's head scoring Martin. Graham whiffed and Repscha threw out Powell.

The fifth found the Davismen three points to the good. Wellam hurled out Heckel and Sullivan fumbled Gurvin's hot grounder, allowing him to get on. Gilfillan walked and Martin popped to Center. Mike cleared the lanes with a virile comber along the ribbon in left. Thomas singled, shipping in Mulligan. Repscha's assist to first ousted Young.

Pennac became animated in the closing frames of the fray and managed to put three runs over the plate in the seventh and terminating stanza. Wellam made first as Gilfillan fumbled his fast roller and O'Neal singled, promoting Wellam to third. Young muffed Durbin's blinding curve and Wellam crossed, O'Neal moving on to second. Weaver blanked and Hart ambled. Sullivan sacrificed O'Neal and Hart, and Jeff crashed one over Mike's dome, sending them both in for three runs. McNiff pasted one and Jeff skipped to second. McNiff was chucked out, Mulligan to Martin.

Though outwit seven to nine, Narberth made better use of its chances, playing on the whole a smart brand of ball.

Community Club Dramatic Pleases

**'Tommy' Enjoyed by Over Two
Hundred Last
Friday.**

CAST IS WELL CHOSEN

By the First Nighter.

"Tommy" came to town on Friday evening, May 17, in a snappy three-act comedy written by Howard Lindsay and Bertrand Robinson. The performance was given by the Dramatic Committee of the Women's Community Club and was ably coached and staged by the chairman, Mrs. Stanley Rickert.

Those selected for the cast were exceptionally well suited to their parts and all did themselves credit, keeping the audience of over two hundred people in gales of laughter.

Art Cook took the part of "Tommy," the hero, and, strange to say, was at his best when he was the sickest. "Marie Thurber," the cause of all the trouble in the household, was charmingly portrayed by Mrs. Horace McConnell. "Bernard," the rival, was cleverly played by Jerry Sperry. W. Russell Green was a very lovable "Uncle Dave Tuttle," the adviser and "Mr. Fix It" for the family. Mrs. C. Arley Farmer acted the part of Marie's mother, "Mrs. Thurber," and Wallace Boileau that of the father, "Mr. Thurber."

They were a sketch in themselves and provided much of the fun and humor of the show. Their appearance in the third act in very old style night clothes, old rag hair curlers, gowns, slippers and such nearly caused the collapse of our nice new fire hall.

The marriage license was so real that anybody could use it.

We Go to Press Early

Next week inasmuch as our regular press day falls on Memorial Day the schedule will be moved ahead one day. This means that all classified ads and contributed matter from readers will have to be in this office by Tuesday night at 6 o'clock for insertion in the issue of May 31 instead of Wednesday. Newsstand copies of Our Town will be available Wednesday night and mail subscribers will receive their copies Friday morning as usual.

Large Apartment in Course of Erection

**Sixty-Suite House on Essex Ave-
nue to Be Largest in
Borough.**

THE COST IS \$180,000.00

Narberth's largest apartment house is now in course of construction on the property at 300 Essex Avenue. Ground was broken recently for this building, which is being erected by the Narberth Hall Corporation. Its cost is estimated at \$180,000 and it will contain sixty suites of various sizes. Transfer of the property was made by the real estate office of Robert J. Nash.

The ground area is 125 feet front on both Essex and Dudley Avenues and 250 feet in depth, containing thirty-one thousand two hundred and fifty square feet, or nearly one acre. In accordance with the borough's zoning ordinance the building will only occupy 35 per cent. of the land, leaving 65 per cent. open area, and this open space will be attractively planted, thus preserving the suburban attractiveness of the community.

The building will be built entirely of brick, following the Colonial style of residence, and will be equipped with every modern convenience and improvement. Every effort will be made to avoid the stereotyped style of the usual apartment floor plan, and so-called efficiency type. Instead there will be large living rooms, model kitchens instead of kitchenettes and special construction to make each apartment soundproof, a feature seldom found in popular-priced apartments.

It is expected that these apartments will be available for fall occupancy.

Junior Ball Club Play Tonight; Elect Officers

Tonight at 6:30 the Narberth Junior Baseball Club will open its season with the Waco team, of Philadelphia, on the Community Playground.

The Junior Club held a meeting for the election of officers on Monday evening at the home of Harry Hollar, Gordon Avenue. Clyde Richardson was chosen president; Harold Powell, vice president; James McKelvey, secretary; George Albert, treasurer; George Humphries, captain; and Harry Hollar, manager.

Arrangements were made to hold a movie benefit at the Narberth Theatre early in June for the purpose of raising funds for uniforms. The picture will be "The Last Warning," a spooky Vitaphone production.

Those present at the meeting included the following: G. Humphries, Gallagher, Albert, Burns, Parks, Burgess, Wolf, Wilson, Young, Patton, Hawthorne, Graham, Cunningham, A. Humphries, Powell, McKelvey and Manager Hollar.

Hold Dance Wednesday

The third annual banquet and dance of the Young People's Fellowship of All Saints Church will be held at Elm Hall Wednesday, May 29. The banquet will start at 7 and dancing from 10 to 1. Bill Clear's troubadours will supply the melodies. A short talk by a well-known speaker and entertainment will feature the banquet.

Pilgrim to Rome

Miss Jane A. Morris, of 518 Essex Avenue, sailed from New York on Wednesday on the S. S. Pennland for Europe as a pilgrim to Rome. She expects to be gone about seven weeks. Miss Morris, who is in charge of the Catholic bureau at Lit Brothers, Philadelphia, is the only Narberth representative on the Rome Pilgrimage. A surprise party was given to Miss Morris by the members of her bridge club last Thursday evening.

Plans Completed For Memorial Day

**Parade With Many Organizations
in Line Will Start at
9 A. M.**

LEGION MEETS MONDAY

The plans for Memorial Day exercises have about been completed. The general chairman of the American Legion Committee is Tom Kerrigan, while W. Loxley Peebles will be in charge of the parade as Marshal. The parade will move promptly at 9 o'clock A. M. from Elm Hall. The Gold Star Mothers, members of Council, borough officials, Harold D. Speakman Post, No. 356, the Legion Auxiliary, Boy Scouts, Girl Scouts, Wynnewood Bugle and Drum Corps and Wynnewood Scouts, school children (both public and parochial) and the fire apparatus will be in the parade. All members of organizations are asked to report at Elm Hall by 8:45 A. M.

The regular meeting of the Harold D. Speakman Post, No. 356, will be held in the Legion rooms on Monday, the 27th, at 8 o'clock.

The Rev. George Emerson Barnes, president of the Philadelphia Rotary Club and pastor of the Overbrook Presbyterian Church, will be the speaker of the evening.

This is to be a meeting especially for the new members. The membership of the Post is the largest since the first year or so of its formation. It is earnestly desired that there will be a full attendance of old members as well as new.

W. B. Richards Speaks at Rotary Club Luncheon

The Bala-Cynwyd-Narberth Rotary Club continued its policy of scheduling speeches by its own members at the weekly meeting Tuesday. W. B. Richards, of Cynwyd, was the speaker. Mr. Richards, a recently-elected member of the club, spoke on the topic always assigned new members—a brief life history and description of his business. He is a member of the firm of Richards-Fisher, Ford dealers, in Cynwyd.

In a humorous and interesting manner Mr. Richards told of his early life, of his service in the Spanish-American and World Wars and his engineering work in the navy yards. The automobile business was learned from a factory standpoint at the Packard plant.

A vivid picture of the many steps in the manufacture of an automobile was given. The different production and inspection departments were explained and the inter-relation of the various branches of the industry brought out.

Paint Mail Boxes

The mail boxes throughout the borough are getting a spring coat of paint. The postal authorities hope that obstreperous children will find other ways to amuse themselves than by desecrating the newly-painted boxes.

Plan Berry Festival

A strawberry festival will be held in the social room of the Lutheran Church, Woodbine and Narberth Avenues, on Tuesday, June 4, from 6 to 9 o'clock.

Summer School to Be Repeated Here

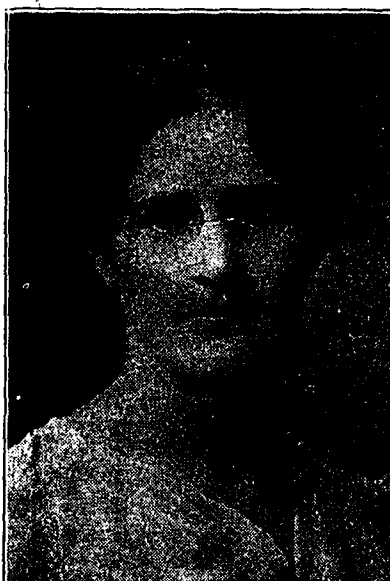

**Session Will Be Conducted in
Co-operation With
U. of P.**

Plans are under way for the Summer School to be conducted in the borough again this summer by the School of Education of the University of Pennsylvania in co-operation with the local school board.

Enrollment will take place on or before Monday, July 1, and the session will open that same week. It will comprise grades four to seven, inclusive. Teachers will be supplied by the school of education of the University from advanced students, and the school will be under the general supervision of Principal George H. Wilson.

The summer session, which will be conducted at no expense to the Narberth school district, affords an excellent opportunity to either make up work in which pupils have shown a deficiency or to gain additional credits.

Heads Mothers' Council

Mrs. L. U. Bergeron, of Elmwood Avenue, who was elected president of the Mothers' Council on Monday evening. She succeeds Mrs. R. G. Aungst as head of this organization, which is making great strides in bringing the home and school into closer relations.

Mothers' Council Has Election of Officers

**Mrs. L. U. Bergeron Succeeds
Mrs. R. G. Aungst as
President.**

PRESIDENT'S REPORT

At the May meeting of the Mothers' Council held on Monday evening in the library of the school, officers were elected for the ensuing year. They are: President, Mrs. L. U. Bergeron; First Vice President, Mrs. C. H. Woolmington; Second Vice President, Miss Florence Bishop; Secretary, Mrs. Thomas U. Schock; Treasurer, Mrs. J. A. Patton.

Mrs. R. G. Aungst, who for the past three years has so efficiently filled the office of president, introduced her successor, Mrs. Bergeron. The Council gave Mrs. Aungst a rising vote of thanks for her splendid and untiring efforts in organizing and guiding the Council until it has become a real constructive and progressive factor in the community.

Dr. Walter Steckbeck, treasurer of the School Board, explained the school budget in a very able and interesting talk. After the business meeting there was a reception to the new officers during which refreshments were served by the Hospitality Committee under the chairmanship of Mrs. E. C. Griswold.

Following is the president's report for the year 1928-29:
To the Members and Friends of the Mothers' Council:

At the close of the third year of our organization as a Mothers' Council, a little cog in the great wheel of Parent-Teacher work, it seems fitting that we look back over our year's work and take stock of our success and failures in order that we may better know how to carry on in the years to come. It is impossible to measure the influence that is being exerted by our organization, but we hope that the school, home and community have benefited.

Orchestra Pleases in Final Concert

**Large Attendance Marks Close
of Seventh Season For
Local Body.**

The Main Line Orchestra closed its seventh concert season Tuesday night at the Junior High School building before the largest audience of the series. Adolph Vogel, conductor, offered a varied and popular program.

The feature of the concert was the playing of two movements of Beethoven's First Symphony, the Andante Cantabile con Moto and the Menuetto. A very pleasing and well-balanced reading was given. Beethoven's "Egmont" overture opened the program.

The soloist was Mildred Whitehill Richter, pianist, who appeared first in the opening movement of the Schumann Piano Concerto in A minor. Mrs. Richter's splendid tone and fluent technic reached their climax in the cadenza, while an excellent ac-

Re-elected President

Mrs. Abram Bunn Ross, of Cynwyd, who was re-elected president of the Montgomery County Federation of Women's Clubs at Abington last Thursday. Mrs. Ross is a member and a former president of the Women's Community Club of Narberth.

Mrs. A. B. Ross Heads County Federation

**Is Re-elected President of the
Women's Clubs at
Abington.**

24 FROM HERE ATTEND

Mrs. Abram Bunn Ross, a former president of the Women's Community Club of Narberth, was re-elected president of the Montgomery County Federation of Women's Clubs for a two-year term at the spring meeting held at Abington on Thursday, May 16.

This affair is an annual one and was featured by a tower show and by reports of all county chairmen. Two prominent club women, Mrs. R. J. Hamilton, of Ardmore, vice president of the southeastern district of the State, and Mrs. John A. Frick, State president, were speakers at the meeting. Musical programs were also presented by various organizations.

The accomplishments in the field of community service were touched upon by Mrs. Ross in her report. The completed tuberculosis survey for the county, the "get-out-the-vote" campaign, conservation, the prison farm, the completion of the Mary Morris Hamilton scholarship were some of the things mentioned.

Mrs. Frick spoke on the general Federation in its relation to the community, mentioning in the course of her talk the county library, State loan scholarship fund and the MacDowell colony at Peterboro, N. H.

There were twenty-four members of the Narberth Club present at this meeting. The club received honorable mention in the flower show as well as in many of the reports.

Those attending from Narberth included Mrs. W. Russell Green, Mrs. J. L. Rickert, Mrs. J. A. Hongler, Mrs. J. W. Darville, Mrs. G. N. Gill, Mrs. Somers Newman, Mrs. W. N. Mills, Mrs. George Supplee, Mrs. E. C. Batchelor, Mrs. H. A. Jacobs, Mrs. C. A. Speakman, Mrs. C. H. Shaw, Mrs. E. H. Cockrill, Mrs. F. P. Dunlop, Miss Margaretta Runyon, Mrs. A. B. Ross, Mrs. N. C. Anderson, Mrs. J. D. Sutherland, Mrs. C. A. Farmer, Mrs. Jesse Harris, Mrs. L. C. Douglass, Mrs. J. R. Aiken and Mrs. E. A. Lane.

Makes Hole in One

A former Narberth resident joined the ranks of golfdom's elect last Sunday when he made a hole in one at Galen Hall, Wernersville, Pa.

The lucky man is Robert I. Fretz, son of Mr. and Mrs. William H. Fretz, of Chestnut Avenue. The four-some also included two brothers, William W. Fretz and C. Franklin Fretz. The feat was accomplished at the seventeenth hole.

Pitches Penn to Victory

Walter Masters, one of the star hurlers of the Narberth Baseball Club last season, gained his fourth straight victory as a member of the University of Pennsylvania pitching staff at the expense of Haverford College, 4-2, Wednesday at Franklin Field. Masters allowed six hits and struck off five Haverfordians. He also was credited with one hit and accounted for one of Penn's runs personally.

School Working on Recreation Policy

**All-Year Round Director of Play
to Be Hired
Soon.**

ELECT NEW TEACHERS

Likely candidates for the position of director of physical education and recreation, a recently created all-year-round job, are being considered by the Narberth School Board and in all probability the Board will announce its complete plans at its next meeting on June 7.

A committee of the School Board is investigating equipment for the school playground to be used in connection with summer recreation work. Two assistant teachers to work under the direction of the new director of recreation will also be hired.

Dr. Leroy A. King, professor of education at the University of Pennsylvania, was re-elected secretary of the Board last Friday evening and Dr. Walter Steckbeck was re-elected treasurer of the Board. Dr. Steckbeck is also connected with the U. of P. as a professor of Botany. Inasmuch as new members may be elected to the Board in September and since the school law calls for the election of the president and vice president during the first week in December, the Board decided to postpone the election of a president until that time. Mrs. F. T. Van Aiken, in her capacity as vice president of the Board, will therefore continue to act as the Board's presiding officer.

Two new teachers were elected by the Board. Miss Emma L. Cully will Miss Cully has been teaching for the past three years at Dover, New Jersey, and for five years previous to that at Glenolden. She is a graduate of Millersville State Teachers' College; has spent a year and a half at Albright College and has attended several summer sessions at State College.

Miss Marion D. Miller, of Salem Avenue, Narberth, takes the place of Miss Ida S. Munro in the sixth and seventh grades, who resigned to discontinue teaching. Miss Miller is a graduate of West Chester State Teachers' College and has done work at both Columbia and Pennsylvania summer schools. She has been teaching successfully for the past four years in the Yeaton schools.

The committee on buildings and grounds of the Board is preparing a plan for the complete renovation, which will take place during the summer vacation. Approximately \$2000 will be spent in getting the buildings in first-class shape.

Narberth Drops Its First League Tilt

**Brookline Victor in Heavy Hit-
ting Fray by 14 to
9 Score.**

THE PITCHING WAS POOR

By John Uberti.

Under sullen skies from which King Jupiter continually threatened to deluge the diamond in rain, Brookline tallied enough hits to down Narberth 14-9 in the opening game of the Main Line League Saturday at Narberth. They coined enough runs to put away a reserve for rainy days.

Had Sullivan's clan but a steadier moundman they might have beaten the mark which Narberth now holds in Main Line League debuts for high scoring. Only once did Narberth show signs of animation and take the lead, that being in the first inning, at which time they amassed three hefty hits which they turned into runs.

From then on, despite a vain rally in the waning moments of the fray, they trailed.

Graham started on the slab for Narberth, but blew up in the seventh, whereupon Davis delegated V. Fleck to assume the responsibilities. Graham was charged for the loss of the game.

Brookline raised havoc with the bat pile as they assaulted the pick of the home team for a pair of doubles, a triple, and only the generalship of Mickey Burns, one of Narberth's most experienced players, accounted for the running down of a man attempting to stretch a mediocre three-bagger into a home run. Two years ago Burns is said to have declined an offer with the Athletics. A feature of Mickey's play as he performs behind the mask

The Old Main Line

The following historical sketch, which will be printed serially, was written by Margaret B. Harvey, and originally published in a volume issued by the Historical Society of Montgomery County in 1895. Entitled "Something About Lower Merion," it traces the history of the township from its beginnings to the 1890's with many delightful digressions.

Installment 9.

In which we learn of a bloody transaction which took place at the corner of Montgomery Pike and Meeting House Lane during the Revolution; and trace the original route of the Pennsylvania Railroad which ran through our back yards.

Suppose we return from our wanderings to the Merion Meeting House. A by-road passes the graveyard, and also the modern wicker race track, Belmont Park. The same road by winding ways leads down toward the Schuylkill, running near the Merion Academy, quite a venerable seat of learning, though long degenerated from its first estate to an ordinary public school. The General Wayne Tavern, once occupied by General Wayne himself, and preserving much of its ancient character, stands, as we have seen, the nearest neighbor of the meeting house, opposite the entrance to Church Road leading to Haverford meeting. And just beyond that road is a fine old mansion, the property of the Thomas family. (Now the Mower property.) Have you forgotten how long we sat in the garret window of my old home? While there did you notice among the relics piled high upon the floor a human thigh bone? That bone once belonged to a British soldier who met his death upon this same Thomas property.

The house, during the Revolution was occupied by a rough, coarse family named Wilson. They, however, professed to be patriots, and showed their devotion in the most uproarious manner. While Washington was encamped in the neighborhood two British soldiers were taken prisoners and two of the Wilson boys were set as guards, immediately in front of their own home. Thus engaged, the mother of the Wilsons, a powerful virago, rushed out, and, with an oath, demanded of her sons why they did not kill their prisoners. They said that they were obeying orders. Thereupon the woman seized the bayonets from her sons' hands and pierced both of the British soldiers through their hearts. The whole family were obliged to flee to escape Washington's indignation. The soldiers were buried out in the middle of the road. Time passed; people began to think this an improbable story, until when the Pennsylvania Railroad opened its first route, and dug into the roadbed to lay its tracks, the bones of the soldiers were unearthed and neighbors for miles around gathered them up for relics. The human thigh bone which you saw was one of these.

Just here, along the side of this widened and piked Indian trail, do you see that row of square blocks of stone, set in regular order about a yard apart? These are the remains of the first roadbed set by the Pennsylvania Railroad in the days when stone blocks, instead of wooden ties, were used to support the tracks. If you trace the roadbed by these blocks you will find it very different in direction from the present route. Going westward we see that it follows the Indian trail past the General Wayne, past the Merion Meeting House, past the entrance to William Penn's Road and through Libertyville. This little village has long remained in its present state; ever since the railroad was moved half a mile south to the present Elm Station every inclination to growth has been checked. Perhaps

this may help account for the fact that Lower Merion, salubrious and populous as it has always been since known, was long characterized by a singular absence of villages—the difficulty of ingress and egress. The few settlements were so small as to scarce deserve the name. Merionville, Libertyville, Athensville, Academyville, West Manayunk, Merion Square and Humphreystown were all that were worth mentioning; and only Athensville and Humphreystown have to any extent grown. We know them as Ardmore and Bryn Mawr. Looking back, they see what we all see now, that, largely because their prayer that the railroad might keep away from them was not answered, they, today, are not Libertyvilles. But why is Libertyville so called? Because in the midst of its indifferent neighbors this little village at one time raised a liberty pole. And why until recently was its cross-country rival, Merion Square, termed in derision the War Office? Because rough characters were permitted to live among peaceable citizens, constantly embroiling them in petty squabbles.

The old railroad bed continues to follow the Indian trail, passing by a charmingly quaint stone cottage, nearly two hundred years old, in which William Penn at times resided, and kept some of his most valuable documents—at least so it is said; hence the designation Penn cottage. The name is scattered about profusely, it seems. A certain massive boulder upon the Haverford Road near Overbrook is called the Penn Rock from the alleged circumstance that friend William once gathered a congregation of Indians and stood upon the rock while he preached to them. This rock, however, is several miles distant from the old railroad bed, which joins the present one at Ardmore a few yards east of the station. But a few yards west of the station later improvements have again changed the direction of the railroad bed so that at Ardmore is the only portion of the old bed still remaining part of the Main Line of the Pennsylvania Railroad in Lower Merion. And as we may see from the case of Libertyville, the fact of this little piece of railroad remaining unchanged has made and kept Ardmore what it is today—the most beautiful of villages, the most delightful of homes to be found anywhere within a radius of ten miles of Philadelphia.

To be continued.

AGE

We're bound to grow old, if we live long enough—
'Tis useless old age to defy.
The "Fountain of Youth" can never be found,
No matter how hard one may try.

We may smooth away wrinkles with sweet-scented cream,
Our hair turning gray we may dye,
But Old Mother Nature just smiles at our tears,
And cares not how deeply we sigh.

She knows she will conquer us, try as we will
To thwart her plans and design;
We might as well yield to the ruling of Fate
And give up the fight and resign.

There are sweet compensations for those who are old—
Life's trials have not been in vain.
Experience has taught them to know what is best,
And how to bear sorrow and pain.

They have learned how to weigh in the balance of life
The things that are really worth while.
They give us the useless and vain, foolish things,
And cast off their weight with a smile.

A dignity comes with the soft graying hair
Which youth finds it hard to compete.
A softness creeps into the voice and the eye,
And a pale flush brightens the cheek.

A restfulness seems to circle them round,
An atmosphere hard to define.
Though the fires of youth have been dampened,
They still continue to shine.

Youth has its many attractions,
Its beauty, its grace and its vim,
But age has garnered much wisdom
Through eyes that were bright, though now dim.

Building Activity Shows Increase in Borough

Building in the borough showed a decided increase during April. Operations were undertaken which it is estimated will cost \$197,000. All but \$17,000 of this sum will be the approximate cost of the new apartment house being erected on Essex Avenue by the Narberth Hall Corporation.

Eighteen building permits were issued by the building inspector at a total cost of \$291. Seventy-four inspections were made during the month and four operations were completed.

Building permits were issued to the following: C. H. Hopkins, 515 Dudley Avenue, roof; H. A. Jacobs, 202 Forest Avenue, alterations; M. H. Nordbloom, 309 Conway Avenue, garage; J. T. Warden, 414 Dudley Avenue, roof; J. Baird Caldwell, 110 Iona Avenue, alterations; G. B. Knapp, 418 Dudley Avenue, roof; H. A. Jacobs, 206 Forest Avenue, porch, alterations; Narberth Hall Corporations, 300 Essex Avenue, apartment house; Ellen Brington, 127 Merion Avenue, garage; C. H. Bartlett, 131 Merion Avenue, garage; William H. Hunt, 311 Price Avenue, roof; A. C. Church, 315 Price Avenue, roof; Irwin J. Beck, 303 Conway Avenue, garage; Frank D. Kinney, 430 Dudley Avenue, roof; Thomas Mulligan, 245 Iona Avenue, roof; Paul Egolf, 100 Woodside Avenue, roof; M. Callahan, 109 Conway Avenue, alterations. A permit was also issued to the Narberth Hall Corporation for demolishing. Two permits applied for by Thomas Kerrigan were rejected.

Getting away to a 6-0 start in the early innings, Villanova defeated Harvard, 7-6, in a baseball invasion of Cambridge last week. Curtis and Gillespie led the slugging onslaught with three hits apiece.

Letter to Editor

Hat in the Ring

To the Editor of Our Town:

May 21, 1929.

Fellow-Citizens of the Borough of Narberth: In accord with the account published last week in Our Town of the Republican Committee meeting, I wish to place my name before my neighbors and fellow-residents of Narberth as a candidate for the office of Tax Collector for the borough at the fall primaries.

As a resident of Narberth for the past fifteen years and always active in Civic and Community interests, I feel sure my qualifications for the office of Tax Collector are well known to you all.

Soliciting your support, I am,

Cordially yours,

LOUISE VOSS COCKRILL.

The FIRESIDE

"Bill" is a freshman in the School of Commerce and is specializing in Business Administration. Besides fraternal activities he is a member of the Band, Swimming Team and Spanish Club.

At Lower Merion High, where he graduated last June, he was on the Swimming Team, and a member of the Band, Orchestra and Glee Clubs.

New Low Mark For May

Topsy-turvy weather continues to mark the spring season in the section. In contrast to the new high temperature records established in April, Monday saw a new low mark of 41 degrees for May 20, according to Charles Decker, Main Line weather observer. Cool and damp was the prevailing description for the last week. Belated blue skies appeared again on Wednesday, but not until many late spring colds had been reported.

Will Have Policeman

J. Howard Mecke, Jr., announces that after the 1st of June he will have a patrolman, who has served on the Pennsylvania State Police for eighteen years, to act as Chief of Police of the Colonial Village.

Another innovation in the Village is the addition of newspaper service. Papers are delivered every morning and evening to residents of the village and surrounding homes.

K. of C. Holds Banquet

The eighth annual banquet and reception of the Bishop Kenrick Council, Knights of Columbus, will be held Wednesday evening, May 29, at the Brookline Square Club.

The speaker will be Lieut. Col. William D. Grant, A. C. R., who will deliver his famous address, "Twenty Thousand Feet in the Air."

A reception will follow the banquet, and a popular Philadelphia radio orchestra has been engaged for musical entertainment.

GEORGE A. BERNHARD

George A. Bernhard, of 854 Montgomery Avenue, died last Saturday at his home in his 55th year. Mr. Bernhard had been a resident of Narberth five years. The funeral took place at 2:30 on Thursday from a Philadelphia undertaking establishment and interment was made in Cheltenham Cemetery. Mr. Bernhard is survived by his wife Freda, by a married daughter by his first wife, Mrs. Erna Scheller, of Brookline, and by a young son by his second wife, George A.

Beware of Beetles in July; Here Now, Under Ground

Just about six weeks more of gardening with satisfaction, and then the deluge. The Japanese beetle is on the way; in fact, the grubs are feeding on grass roots now and are rapidly reaching the stage when they take wings and start to devour our gardens.

A dozen beetles last summer will mean about a hundred dozen this summer. What to do? What to do? Get ready to spray! The United States Department of Agriculture has worked out a spraying material that is an effective repellent. Trees, shrubs and plants that are sprayed with this substance are rendered Japanese beetle-proof; in fact, many of the beetles will be poisoned by eating sprayed leaves. The plants or trees will not be injured.

The Japanese beetle must be fought vigorously by every property owner, not only to protect your own plantings, but to join in the movement to drive the beetle out of this section.

Your share in the crusade will be to have your garden properly and thoroughly sprayed—just once. The cost is very little; in fact, it will be found a very profitable investment, and you will be performing a real duty in good citizenship.

SHADE TREE COMMISSION, Borough of Narberth, DR. D. W. STECKBECK, ROBERT J. EDGAR, GEORGE B. SUPLEE.

Dramatic Offering Pleases

CONTINUED FROM PAGE 1

An appreciative audience pronounced the performance one of the best ever given hereabouts.

The committee extends thanks and appreciation to Mrs. J. D. Sutherland for her help in securing stage properties, and to the merchants of the town for their support in the disposal of tickets.

UNCLE CY'S COLUMN

This is the second of a series of articles expressing the views of the contributor rather than any editorial policy of the paper.—Ed. Note.

Prohibition.

Too many people today have forgotten the conditions before the war in pre-Prohibition America. It may be well to sit back and reminisce a little.

Do you recollect the days when there was a saloon on nearly every downtown corner with swinging doors, clouded windows, and much polished brass; when these informal clubs emanated a pungent odor of malt, hops and spirits and occasionally disgorged a slightly unsteady customer? Can you remember the horror of the slums where food and clothing were given up in favor of drink? Do you remember the drunkenness of the streets and even in the country and the fear unescorted women had of walking through the streets at night? Do you remember the drunken drivers who would whip a team of horses into a run endangering all other drivers and pedestrians alike?

Those were the superficial evils, but there were greater ones and the liquor interests were often accused with various conspiracies to increase the consumption of their products. To be sure there was a high license law and it was a severe infraction to sell alcoholic beverages to minors, but minors did get them. There were bootleggers and moonshiners in those days who manufactured and sold an inferior liquor at a price much below that of licensed purveyors. They operated from "blind pigs" or "speakeasies" and were as great a public menace then as their successors are today.

It seems that wherever there is drinking there is violation of the law and social unhappiness. The whole situation became intolerant in many sections and local option was exercised to dry them up long before we had any national attempt at prohibition. Many of the Middle Western States adopted measures of their own and let those who wanted their firewater to get it elsewhere. The Anti-Saloon League and the W. C. T. U. got out of simple propaganda and into a threatening attitude in politics so that all of us knew that the State dry movement might spread.

It would seem then that the taste for drinking was restricted to the ignorant members of the laboring class who kept themselves well saturated with poisonous moonshine, and to the cultured and leisurely-living upper class who frowned on tipiness and used alcohol in a manner similar to that in which it is used in continental Europe today.

These latter people drank regularly but moderately. No sporting event was without its punch, but a flask was rarely seen except in the hunting field or on some sort of all-day out-of-door lark. Drunkenness was not tolerated long and young men who could not drink like gentlemen were placed on social probation or entirely excluded from the circle of those whose sensibilities were offended by maudlin behavior. Gentlemen and ladies drank light clarets or sauternes at formal dinners, and after the ladies had left the table the gentlemen remained to smoke and have a bit of port. Whisky and soda was a frequent sociable drink between friends, but one or two was considered sufficient. People did not discuss drinking; they either drank or did not, and felt neither pride, shame, nor righteousness in their personal stands. It was not a mark of distinction to abstain; it was simply taken for granted and admired as a sort of asceticism.

It is obvious that prohibition was not made a national law to stop this class of people from drinking, for poverty, starvation, moral degeneracy and social unfitness did not follow in the wake of their mild use of spirituous beverages. There were, however, occasional tragedies even in this group caused by the abuse of the privilege, and the feeling for moderation and temperance grew stronger and stronger with each succeeding generation.

Merion C. C. Women Capture Two Titles

First and second teams of the Merion Cricket Club won the first two crowns in the women's interclub team tennis championships.

The first team defeated the Philadelphia C. C. team, defending titleholders, 6 to 1, last Friday for the title, while the Philadelphia C. C. reserves defaulted to the Merion second team for the second title to go to the Haverford club.

Singles:

Miss Anne Page, Merion, defeated Miss Virginia Hilleary, Philadelphia Cricket Club, 6-0, 6-4. Mrs. C. C. Madeira, Merion, defeated Mrs. M. B. Huff, Philadelphia Cricket Club, 6-3, 8-6. Miss Anne Townsend, Merion, defeated Mrs. Louis Bieler, Philadelphia Cricket Club, 6-3, 8-6. Mrs. Harrison Smith, Merion, defeated Mrs. Horace Disston, Philadelphia Cricket Club, 6-1, 6-3. Mrs. A. M. Watts, Merion Cricket Club, defeated Miss Gertrude Dougherty, Philadelphia Cricket Club, 6-1, 2-6, 6-3.

Doubles:

Mrs. M. B. Huff and Miss Virginia Hilleary, Philadelphia Cricket Club, defeated Miss Anne Page and Mrs. C. C. Madeira, Merion, 6-3, 6-2. Mrs. Harrison Smith, defeated Anne Townsend, Merion, defeated Mrs. Louis Bieler and Mrs. Horace Disston, Philadelphia Cricket Club, 6-1, 7-5.

To Give Scout Benefit

A movie benefit for the camping fund of the Narberth troop, Boy Scouts of America, will be held at the Narberth Theatre on June 10 and 11. The picture will be Lewis Stone in the "Freedom of the Press." Tickets are for sale by all boy scouts.

\$12,000 For Police Fund

More than \$12,000 in contributions to the Police Pension Association of Lower Merion Township has been received by Evan L. James, secretary of the association. The annual appeal of the association was made on May 1, with the goal set at \$29,000.

Civic Association Re-elects Officers

Five New Directors Named by Merion Body—Hear of Bok Tower.

WANT NEW POLL PLACE

Officers were re-elected and five new directors elected at the annual meeting of the Merion Civic Association, held Tuesday night in the Merion War Tribute House. Features of the meeting were illustrated talks on birds and the Bok Singing Tower and Bird Sanctuary.

The association's annual report was informally presented by President John Dashiell Myers, who discussed, among other matters, the advisability of dividing Merion into two voting districts, with perhaps the Merion Public School as the additional polling place to relieve election-time congestion at the War Tribute House.

William J. Conlen, who was elected chairman of the meeting, introduced the featured speakers: Milton B. Medary, Jr., president of the American Institute of Architects, who showed three motion picture films of work on Edward Bok's Florida bird sanctuary and singing tower, of which he was architect; and J. Fletcher Street, naturalist, who told of experiences with everyday birds, illustrating them with lantern slides.

Unanimity marked the election of officers, who were proposed by Chairman Edward C. Dearden, of the Committee on Nominations. John Dashiell Myers was elected president, to serve his second term; William H. Folwell was re-elected treasurer; Mrs. P. E. Matthes, secretary; and Clarence E. Hall, Thomas Shalcross, Jr., and George F. Pettinos, vice presidents.

Edward S. Bendere, Charles H. Beyer, Newton W. Corson, Thornton Lewis and William W. Walker were made members of the board of twenty-seven directors. Others were re-elected as follows: J. Harry Anderson, T. Dun Belfield, D. Webster Bell, Edward W. Bok, Fred W. Brill, William J. Conlen, Edward C. Dearden, Henry Delaplaine, William H. Folwell, Clarence E. Hall, J. S. W. Holton, Robert J. Hughes, Mrs. Harry E. Kohn, John McConaghy, Jr., John Dashiell Myers, Frank C. Pequignot, George F. Pettinos, William A. Powell, Thomas Shalcross, Jr., Dr. Edward A. Does PRICE mean value?

Automobile engineers say that a battery should be bought on the basis of electrical size and known quality — and automobile engineers should know.

You're sure of the right electrical size for your car when you consult the Willard Chart on our wall — and you're equally sure of known quality when you buy one of our still better Willard Batteries. Yours for the biggest battery values in town.

More Scarlet Fever

Three new scarlet fever patients were among the sixteen new cases of contagious disease reported to Marvin E. Reynolds, Lower Merion township health officer, during the last week. One each was from Merion, Wynnewood and Ardmore. Other new cases brought to the attention of the health officer were: Chickenpox, 2; German measles, 3; measles, 1; mumps, 1; tuberculosis, 2, and whooping cough, 4.

They're Not Cloth

The gaily colored green and pink tablecloths and napkins in our window have attracted many eyes. Yes, they are paper, though you almost have to feel them to be convinced. They are just the thing for bridge parties or picnics. Inexpensive, too. Napkins only 10c for eight and table cloths, 15c each.

WHAT

is

Chance Cleaned COAL?

Chance-Cleaned Coal is coal that has been cleaned by the Chance Separator, a new type of equipment used by some producing companies for eliminating bone, slate and other impurities from coal as mined.

The "Chance Separator" performs this work better than any other device thus far discovered, and coal that has been cleaned through this process comes to the dealer more free from undesirable foreign matter than ever before possible.

The Jeddo-Highland Company is now employing the "Chance Separator" to clean its coal, so all coal we receive from them has the desirable quality of being "Chance Cleaned" in addition to its other characteristics of purity.

Many Main Line Residents Take Part in Children's Hospital Drive Ending Monday

Many prominent residents of the Main Line are taking an active part in the campaign for the Children's Hospital of Philadelphia for \$3,000,000 for new buildings and endowment which will be raised in an intensive period of ten days, from May 17 to May 27.

To date more than two thousand men and women have agreed to take part in the campaign. According to Mr. Rush, it is perhaps one of the most representative groups of Philadelphia residents and residents of adjacent communities that has ever been brought together at one time for such a purpose.

The vice chairmen of the Campaign Committee include the following group of Philadelphia residents: Mrs. E. T. Stotesbury, Mrs. John Hampton Barnes, Samuel T. Bodine, D. B. C. Catherwood, Mrs. Morris L. Clothier, Mrs. Henry B. Cox, Mrs. Thomas J. Dolan, Thomas S. Gates, Daniel Gimbel, Mrs. Edward Hsley, A. Atwater Kent, Mrs. John F. Lewis, Mrs. J. Bertram Lippincott, Hon. Harry A. Mackey, Hon. J. Willis Martin, Arthur V. Morton, George R. Packard, Eli K. Price, Arthur W. Sewall, Mrs. Barclay H. Warburton, Charles J. Webb.

"The appeal of the Children's Hospital," Mr. Rush stated, "is one which should command the interest of the home-makers of this city, for it is, of all appeals, a fundamental one. The Children's Hospital is dedicated to a better manhood and womanhood of tomorrow."

In Ardmore, beginning Friday, residents were asked to contribute to the Building and Endowment Fund of the hospital. This building fund will provide three new structures which are vitally necessary to the full development of the Children's Hospital work which is now hampered by inadequate quarters and facilities.

Among the residents of this vicinity who are taking an active part in the campaign are: Mrs. W. A. Dyer, John Birge, Mrs. Rodney Day, Elizabeth Eaches, Mrs. Craig Herberston, 3d, Mrs. John E. Anderson, Miss Margaret Anspach, Harold R. Baxter, Mrs. Edward M. Biddle, Mrs. H. Tammall Brown, Allston Jenkins, Mrs. Gerritt Judd, C. C. Graduate Manager

Archibald MacIntosh, who was chosen this week to succeed John R. Hoopes, who is entering the advertising business, as Graduate Manager and Assistant to the President of Haverford College. Mr. MacIntosh was formerly an instructor at Montgomery School.

MacIntosh Will Succeed J. R. Hoopes as Manager

Archibald MacIntosh, of 830 Buck Road, Haverford, has been appointed successor to John R. Hoopes, alumni secretary of Haverford College, it was announced this week by Dr. William W. Comfort, president of Haverford.

Mr. MacIntosh, who graduated from Haverford in 1921, is now head of the English department of the Montgomery School, Wynnewood, and for the last five years has been assistant to Harvey J. Harman, coach of football at Haverford.

In addition to alumni secretary, he will succeed to the posts of assistant to the president and graduate manager of Athletics, positions also held by Mr. Hoopes. Mr. MacIntosh will also continue as assistant football coach. He will assume the new duties September 1.

Mr. MacIntosh, a native of Ithaca, N. Y., attended the Ithaca High School before coming to Haverford College. After completing his course at the Main Line institution he eventually settled in Haverford and subsequently married Miss Margaret Taylor, daughter of Charles S. Taylor, well-known Haverford resident.

While at Haverford his athletic ability won him the captaincy of the football team and the track team. He was particularly brilliant in these two branches of sport, but also participated in other games.

Mr. Hoopes' resignation becomes effective on July 1. He resigned to become a partner in a Philadelphia advertising concern. Mr. Hoopes and Mr. MacIntosh were classmates.

Open New Bridge

Bryn Mawr Avenue bridge over Darby Creek, near Radnor Hunt, Radnor Township, has been opened to traffic. While this bridge is not a large one, it is highly ornamental. It was designed by County Engineer George S. Wright, and is of reinforced concrete, but the walls as well as the railing are North Carolina granite.

Whitemarsh Pair Victors in Powell Cup Tourney

Topping a brilliant field from the leading golf clubs of this section, Mrs. Charles Ewing Armstrong, of Whitemarsh, and her clubmate, Gerard McHugh, boy star, won the Charles S. Powell Cup in the mixed foursome tournament last Friday at the Valley Forge Golf Club.

Mr. and Mrs. J. J. Mitchell, of Merion, playing to a combined handicap of 7, captured the runner-up prize with 42 points. They also tied for the low gross prize, as they went around the course in 79 strokes.

As Mrs. Armstrong and McHugh carried off the tournament trophy, they were not eligible for the low gross award, even though they took fewer strokes than any other pair in the tourney.

Mrs. Dorothy Campbell Hurd and Phil Carson, of Merion, who went around in 39-40-79, received the low-gross prize.

Mr. and Mrs. Edwin H. Fittler, of Merion, also had a 79, but owing to a misunderstanding of the rules of the tourney they conceded themselves a putt on one of the holes. Graciously

enough, the Fittlers told the tournament chairman about their conceded putt and withdrew as eligibles for the gross prize.

John Scheuer, Ed. Daller and Charley Williams officiated in efficient fashion in handling the tourney and all the players were high in praise of the Valley Forge course.

American hens are being sent abroad, says a headline, which should be a warning to the tired business man to be a little more careful if he visits Paris this year.

A Lynn, Mass., man after eight years of married life gave it all up, according to a Court petition, after a stovepipe fell on his head. He probably figured he'd better get going before the poker got active.

In Evanston, Ill., a soft-hearted policeman freed a pickpocket and shortly after discovered his watch and chain was missing. The real news in this is that an Illinois cop was so glib.

Speaking of names, the Great Bend, Kan., telephone company recently handled a call from a Mrs. Froggy calling a Mr. Tadpole in Oklahoma, in care of Mr. Fisher's residence.

FOR those who like to be out and going—top down—nothing but blue skies above—Nash designers built three smart "400" Cabriolets.

With the top up and windows raised, they are luxurious closed cars—with the top down and windows either down or up, they are smart open cars. All have a big, comfortable, roomy rumble seat.

The Standard Six Cabriolet is one of the most popular cars in its price field, because it combines the smart open-closed motoring vogue with Standard Six performance superiority.

It has a big, high compression, 7-bearing motor for power and speed—"400" steering for the world's easiest driving—Lovejoy hydraulic shock ab-

sorbers, for cushioned smoothness over all kinds of roads.

The Special and Advanced Six Cabriolets are distinguished by such "400" features as the new Twin-Ignition motor, Bijur Centralized Chassis Lubrication—press a pedal, your car is oiled—Lovejoy and Houdaille hydraulic shock absorbers.

And, every "400" model comes from the factory equipped with bumpers, hydraulic shock absorbers, spare tire lock and tire cover, at no extra cost. Some dealers, charge as much as \$50 or \$60 extra for bumpers alone.

Compare these Cabriolets to others, then compare their fully equipped, delivered prices. You'll see the advantage in buying a Nash!

Delivered Fully Equipped Price Range on 23 Nash "400" Models—\$970 to \$2326.

SO THEY SAY

A dogma learned is only a new error—the old one was perhaps as good; but a spirit communicated is a perpetual possession. —Robert Louis Stevenson.

There are after all few emotions of which one has less reason to be ashamed than the little lump in the throat which the Englishman feels when he first catches sight of the white cliffs of Dover. —Dean Inge.

The chief end of education is to subjugate for the collective purposes of our kind the savage egotism we inherit. —H. G. Wells.

We hear an awful lot about the evils of drink; but the whole testimony of mankind, since Horace was writing odes about it, has been that it has many advantages. —Frank C. Davison.

There is to me something rather dreary in the notion of going anywhere for the specific purpose of being amused. I prefer that laughter shall take me unawares. —Max Beerbohm.

L. M. Baseball Notes

The one bright spot in Lower Merion's defeat by Radnor in baseball last week was the two home run hits by Seaver Rose, substitute first baseman for the maroon. This was Seaver's first opportunity of the season and he came through in Ruthian style.

Upper Darby continued their drive for the Suburban League bunting last Thursday by soundly trouncing the Lower Merion High boys by a one-sided score of 24 to 5. This is the worst defeat Lower Merion has had in many moons. Everything that could go wrong went wrong.

Lower Merion Junior High School won another league game last week by defeating West Chester Junior High by a close score of 6 to 5. Roy Williams and Herb Thomas continued to lead with heavy hitting in the pinches. Thomas pitched a steady game.

Coach Unger is taking his L. M. Junior High baseball team to Ocean City on Saturday to play the Y. M. C. A. team of that place at the Municipal Park.

Jurors Missing

Three of the panel jurors failed to respond to their names at roll call Monday at the opening of Deferred Week, April Term, Criminal Court, with Judges Williams, Corson and Hon. Andrew B. Smith, president judge of the Thirty-fourth District, sitting at Norristown.

Frank J. Lloyd and J. Edward Miller, both of Lower Merion, were two of these. Sheriff Pratt was instructed to bring them in and later reported that all three were out of his jurisdiction.

The following jurors from Lower Merion had been excused previously: Florence B. Chapin, Richard Grace, Emily Goddard, Ida M. Harkness, William L. Henderson, Marion K. Johnson, Martha B. McFadden, Earle Hansell Patterson and William H. White.

Haverford College cricket stars of yore proved their superiority to the varsity in a close match on last Friday at the Junior Day program, 108-106.

The major degree of the Knights of Columbus was conferred on a class of candidates from Villanova, Chester, West Chester and Wilmington last Sunday in the gymnasium of Villanova College.

Bequest to Sister

Kathryn Cameron, late of Narberth, gives an estate valued at \$5000 to her sister, Elizabeth Cameron Kornonski. The sister also is named executrix of the will, which was executed May 1, 1924.

Fete Is Gay Frolic

Sixty nations were represented by six hundred students at the International Cross Roads Fete, held Saturday, about the Merion War Tribute House. Many of these young people were in the dress of their native lands and gave a bizarre and picturesque touch to the lawn of the Tribute House.

Coaches Promoted

Coaches Harvey J. Harman and Alfred W. Haddleton, of Haverford College, were appointed members of the faculty of the school at a meeting of the Board of Managers last Friday in Philadelphia.

Harman, football mentor for the last seven years, was awarded the title of Director of Heavy Athletics, while "Pop" Haddleton, track coach for eight years, becomes Director of Light Athletics. The "promotions" were in recognition of their services to Haverford. Mr. Harman is also a faculty member of Lower Merion Junior High School.

Six other appointments, including the naming of John G. Herndon, lecturer of Economics and Political Science, as assistant professor of the department, were confirmed by the board.

Letters Given Swimmers; Hazel Palmer Captain

Letters were presented to the following girls who were members of the swimming team of Lower Merion High School during the season of 1929 at assembly exercises. These girls earned their letters on the basis of having scored 10 or more points: Dorothy Gimber, 25½; Hazel Palmer, 67; Christine Mahl, 13; Ruth Wilbur, 27; Mildred Evans, 24½; Diane Pugh, 16½; Elizabeth Goldsmith, 13, and Madeline Baughman, manager. Hazel Palmer will have her name engraved on a silver cup for winning the most points. Hazel was also elected captain for next year and Christine Mahl, manager.

Twice in the week Haverford College made its arch rival, Swarthmore, bite the w. k. dust. The track meet ended 83 1-3 to 42 2-3 and the baseball game, 7-1.

ANOTHER REDUCTION

.. in ..

Household Electric Rates

AFTER the first twelve kilowatt-hours of use per month, costing 96c, the rate will be ...

6c now
instead of 7c for the next 36 kilowatt hours used in a month

This is the Third Step Rate, so well-known in Philadelphia. It is the household "wholesale power" rate, effective after you have used forty-eight kilowatt-hours of electricity in a month. It is the rate that enables you to use an electric range, electric refrigerator, electric ironing machine or other similar labor-savers.

3c

... These are the Three Steps of the residential rate for electric service

EFFECTIVE JUNE 15, household users of Philadelphia Electric service will benefit by a \$900,000 annual reduction in electric rates... the fifth large rate reduction since 1922 to residential users of electricity. This reduction, which affects more than 92 per cent of our domestic customers, is made possible because of economies of operation and because of the greater use of electricity by the current-consuming public.

The new rate is 6c instead of 7c per kilowatt-hour... a reduction of 14%... in the second step of our three-step residential rate. In other words, after your use of household electric service reaches 96c per month... or \$2.88 for the three months' billing period... you will now pay only 6c per kilowatt-hour for the next one hundred and eight kilowatt-hours in the three months' period instead of 7c, and thereafter 3c per kilowatt-hour.

Actually, this means that you will pay substantially less for the electric service you have been using for washing, cleaning, hand ironing and table cooking, as well as for lighting.

Studies are now under way of the tariffs covering the balance of the territory included in the proposed consolidation of properties announced May 10th, 1929, with the thought of making reductions in them, so that all may share in the benefits derived from the merging of all of the companies concerned into one strong unit.

Maroon Track-Field Men Capture P.I.A.A.

Klemm, Segal and Purring Star; Haverford High Fifth.

At the P. I. A. A. Eastern District Meet, Saturday afternoon, at Lehigh University, Bethlehem, Lower Merion High School took first place honors over a fast field of entries, including several Suburban Philadelphia schools, by a margin of eleven and one-half points. Coach Adam's squad of track athletes scored 36½ points. Mahanoy City, with 25 points, was second, followed by Bethlehem with 20 or so. Haverford High School took fifth place with 18 points.

This is the second year in succession that Lower Merion has won the Eastern District meet.

Klemm, Segal and Purring scored first places for Lower Merion. Klemm tied for first in the high jump. Purring won the broad jump with a leap of 20 ft. 7 in., and Bob Segal won the javelin throw. Segal also placed third in the shotput and fourth in the discus. Page was fifth in the 100. Warner second in the 440 and Bill Taylor fifth in the 440. Ernie Parks was second in the half-mile, Cave third in the high jump and Peters third in the pole vault. Segal was high scorer with 10 points.

N. Y. U. Relay Team In Big Race Tomorrow

New York University's crack relay team will be seen in action tomorrow afternoon at Walton Field, Haverford College, during the championship meet of the Middle Atlantic States Collegiate Athletic Association which opened today.

Definite word to that effect was received by John R. Hoopes, alumni secretary of Haverford and general manager of the meet, in a telegram from Coach Emil Von Elling, of N. Y. U.

The principal object of the visit of the great sprinting quartet will be to smash the standing world record for the 2400-yard relay race. Coach Elling is confident that his speedy teams can cover the distances in less than five minutes and 5 seconds, the present record.

The team to oppose the N. Y. U. runners will be selected from the eighteen colleges participating in the meet, Mr. Hoopes said. He will confer with the coaches and the best available material will be selected.

The members of the New York team will be Phil Edwards, the "Ebony Express," holder of the intercollegiate half-mile championship; Dave Myers, Negro javelin champion; Fred Veit and probably Joe Hickey.

With the qualifying heats under way, the hopes of Haverford for an M. A. S. C. A. championship continue to grow. Haverford's overwhelming victory over Swarthmore in the dual meet last week has greatly bolstered the confidence of the Haverford teams and they are determined to win if humanly possible.

Seniors Win Plaque

The senior girls who won the class swimming meet during the past season were awarded class numerals at assembly exercises at Lower Merion High School. They are Betty White, Betty Sellers, Dorothy Woodbury, Jane Shalleross, Helga Wohler and Peggy Morris. The Seniors won the meet, scoring 36 points to the Juniors' 17 and the Sophomores' 10. The "Class of 1929" will be engraved on the plaque provided for that purpose.

Sports in Brief

Led by Bill Watt, flashy runner and jumper, Haverford School handily won the quadrangular track meet at Haverford College on Monday. Watt made 17½ points by taking three firsts and tying for second in another event. Penn Charter was second, Haverford College Fresh third and Frankford High fourth. Boys who placed for Haverford School were Alt, Pelouse, Watt, Rainear, McCrudden, Selden, Chase, Burton, English and Cross.

Merion Cricket Club women's second tennis team, winner of the Second Interclub League, wants to become a member of the First Interclub Tennis League. Members who signed a petition to that effect are Miss Esther Daly, captain; Miss Adelaide Jefferys, Mrs. Ludwig C. Lewis, Mrs. J. Weir Sargent and Mrs. Churchill Williams, Jr.

Dave Wolfenden gave a great exhibition of riding and stroking in registering four tallies for the Bryn Mawr polo team, winners of a game with Pennsylvania Military College, 4-2. Other members of the Bryn Mawr team are E. L. Stokes, Wister Randolph and Barclay McFadden.

George W. Hoffner turned in a medal score of 73 in the qualifying round of the tournament for the President's Cup at the Bala Golf Club Saturday. The first five finishing included Ted Therrien, Ted Scott, Alvin Zimmerman, Dan Kennedy and C. C. Baxter.

Merion Cricket Club lost its first intercity match of the season to Baltimore C. C. tennis team, 6 to 4, at Haverford on Saturday. R. Norris Williams, former Davis Cup captain, defeated Phil Goldsborough, Baltimore captain, and son of the Governor of Maryland, while Sam Gilpin won from Magee, of Baltimore, in the second singles, 6-2, 6-2. Baltimore won all

three doubles matches.

While Temple's trackmen defeated Villanova, 82-44, in a dual meet at Villanova, there is some consolation in the victory of Captain Jimmy Woods, of Villanova, over Ben Gitlin, of Temple, in the 100-yard dash. It was the first dual meet setback Gitlin had suffered in two years.

Chestnut Hill Academy must beat the Episcopal Academy nine today at Overbrook, or there is likely to be a three-way tie for leadership and the Interacademic League season ends. Considering Penn Charter's 17-0 victory over Episcopal last week, the Chestnut Hill boys will only need to play consistent ball to win the flag.

Mothers' Council Holds Election of Officers

CONTINUED FROM THE FIRST PAGE

together with their attendance at our meetings has played no little part in the increased attendance, making it necessary to hold our meetings in the larger auditorium of the school. At the get acquainted party an opportunity is given for acquaintanceship between parent and teacher and this meeting is now a regular part of our program. The grade teas again afford a little closer contact between parent and parent and parent and teacher of the same grade.

Our slogan this year has been an Educated Parenthood and to that end the Mothers' Council established at the Narberth Community Library the beginnings of a book-shelf with five books and to further this education a series of lectures on the Understanding and Training of Children by James S. Heberling were provided. The innovation of a fathers' night demonstrated most conclusively that the fathers were with us in our parent-teacher work in Narberth.

As it was felt that the community outside of our membership was not fully informed of the objects, aims or methods of parent-teacher work, a series of leaflets were prepared and distributed daily for a week by means of the school children. At the end of that time there was no doubt in anyone's mind in Narberth just what parent-teacher work stood for nor what our local Mothers' Council was doing to help further the movement.

One of the most outstanding projects of the year was the party for our Italian parents of whom sixteen out of the eighteen families were represented by one or more parents. During the year three recommendations were made to the School Board, which were adopted by them and are now being made a part of the school system.

The summer round-up campaign is another project which begins this spring on June 3 as Narberth Health Day and carries over into the fall for its consideration.

The last activity of the year is the farewell party to our boys and girls before they go to Lower Merion and due to the two grades going we will have at least 115 children at our party.

The establishment of the Nellie M. Wehrill award is too recent for further comment. The helpfulness and sympathetic understanding that have actuated both teachers and pupils has been largely demonstrated by the work done on the monthly posters and on our birthday posters and also the operetta, which was presented by the children for our entertainment at the April meeting.

Our speakers throughout the year have been experts in their subjects and are all outstanding men and women. Mrs. Walter Greenwood, third vice president of Pa. P. T. A., helped us to celebrate Founders' Day.

The attendance of delegates with expenses paid to State convention, to the county convention and to the all-day P. T. A. training class in Philadelphia has done much to increase interest in our local work.

With an ever-increasing membership we may be justified in feeling that at the end of three years the Mothers' Council is firmly established as an essential part of the Narberth School system.

Respectfully submitted,
FAITH THOMPSON AUNGST,
President.

Main Line Orchestra Closes Seventh Season

companion was featured by the solo work in the clarinet.

As piano solos Mrs. Richter offered a Scriabine Etude, "Minstrels" by Debussy and "Hopak" by Moussorgsky, a varied group which was very well received by the audience.

The orchestra attained a purity of tone above anything in their former playing in Sgambati's "Te Deum Laudamus" for string orchestra with harmonium. The number was played with dignity and restraint and with much of the "organ tone" so desirable in pieces of this character.

Three MacDowell numbers and a group of Henry VIII dances by German closed the program.

The steady improvement in the work of the orchestra reached its climax at this concert, for the playing was beyond anything to be expected from an amateur body. Unflagging enthusiasm on the part of the players and careful rehearsing were evident.

Mr. Vogel was obliged to lead, however, against a buzz of conversation from adults in the audience and with the accompaniment of running feet and loud talking on the part of a group of unattended children in the auditorium. Even with this handicap a superb concert resulted.

Narberth Drops Its First League Tilt

is his continual talking to his teammates which simultaneously aggravates the man at the plate.

Narberth tabbed four runs in the opener, but Brookline knotted the count in their half of the second. Jeffries singled to deep right and Martin crashed an aerial to center. Fleck walked and Curvin emptied the bases with his virile triple to center. Mulligan dropped to left and Curvin was nailed at the plate.

McDermott was run down as he attempted to extend his triple and Walsh walked. Miller beat out Richardson's throw and Reidy scored. Walsh, Wright hit to left, scoring Miller and promoting Reidy to third. Mulligan relayed Leuthe's comber to first, ousting the centerfielder, Wright scoring. Mulligan perched under Sullivan's skyrocket.

Manager Davis' clan followed suit with one run in their half of the second, but the visitors submerged them in an avalanche of runs in the third. After Jeffries scored Graham from third from his well-placed bunt, Sullivan's clan came to bat and rocked the pellet to the utmost end of the field and when the mist had risen the scoreboard showed the score as 7-6.

Kearney singled and moved on to second, and McDermott immediately shipped him in from his double to right. When Graham hit Walsh, first and second were occupied. Miller popped to Fleck and Reidy doubled, clearing the lanes. Wright doubled to deep left, scoring Reidy, and Leuthe was thrown out, Graham to Martin.

Curvin and Mulligan singled and Burns doubled, scoring Thomas, who was running for Curvin. Richardson singled to right, scoring Mulligan, but Burns was nipped at the plate. Graham popped to Kearney.

Narberth could do no scoring in the fourth, fifth and sixth, while Brookline chalked up three and the seventh found the score 10-6.

Brookline scored twice in the eighth and two more in the ninth as Narberth bunched three hits in the concluding frame for three runs.

Auxiliary Entertains Bi-County Council

The American Legion Auxiliary, Harold D. Speakman Post No. 356, together with the Ardmore and Bala-Cynwyd units, entertained the Montgomery-Bucks Bi-County Council of the American Legion Auxiliary on Thursday, May 16, in the Legion room of the Narberth Community building on Windsor Avenue.

A shower of socks and cigarettes for the ex-service men in Perry Point hospital was held at this meeting; likewise a sale of baskets, rugs, etc., made by the men in Perry Point.

Plans were discussed for the annual picnic to be held June 19 at Valley Forge for one hundred mental patients from Hospital No. 49, Gray's Ferry.

Summer Round-Up

The annual "Summer Roundup," the medical examination of all children entering school for the first time next fall, will be conducted at the Narberth School on Monday, June 3, at 9 A. M. Dr. George A. Sloan will have charge of the examination, and will be assisted by Mrs. Ruby Perishich, secretary at the school. Transportation will be provided for any mothers desiring it. School authorities will provide for the caring of children at home during the time of examination when the mother is absent if desired.

THE TREE

By Dr. Walter Steckbeck.

Horse Chestnuts, Buckeyes, Lindens

Few of our common street trees have really showy flowers. The horse-chestnut (*Aesculus hippocastanum*) is an exception to this rule, since this tree, found here and there in Narberth, is now exhibiting its large clusters of flowers which are white, tinged with red. For fully a week the blooms have been in evidence, but will soon drop the numerous petals to the ground. Later a few flowers will develop from each flower group; by September the seeds will be ripe. The leaves are very distinctive, each fully a foot in length and bearing seven radiating leaflets, known as a palmately-compound leaf.

The horse-chestnut comes from the mountains of Greece. It was first introduced into western Europe about 1500 and brought to America by the early settlers. The common English name, horse-chestnut, is a translation from the Turkish language, *At-Kastani*, meaning horse-chestnut, since the fruit was used in Turkey as a drug for horses.

By some the horse-chestnut is considered the aristocrat among trees, with a lavish profusion and luxuriance about its manner of growth and at the same time perfect symmetry and precision in the arrangement of its various parts. Others would object to the tree on account of the late unfolding of its leaves and in the fall to the early dropping of the leaves. The horse-chestnut is always "dropping something." First the large bud scales from the sticky buds are cast off; then the myriads of white petals; still later the drying leaflets and petioles litter the ground; finally the seeds drop and attract the small boy who likes to use them as toys. The tree is well adapted to city conditions and deserves to be placed among the desirable species.

Close to the horse-chestnut are the buckeyes. Occasionally seen is the sweet buckeye (*Aesculus octandra*), a large tree with five leaflets to each leaf, instead of seven. The flowers are yellow. A fine specimen of this tree may be seen near Montgomery Avenue and Meeting House Lane. Others are found in the borough.

The red buckeye (*Aesculus carnea*) has been displaying its gorgeous flowers of deep red for ten days. Fine trees, though small, may be seen in rows along Merion Avenue, Merion.

There might be added to the above forms the linden, although not related botanically. The linden, or basswood, or lime-tree (*Tilia americana*) is another tree with fairly showy and fragrant flowers, now coming into bloom. It is a large, round-headed tree, much admired for its large, dark green leaves which are heart-shaped, rather broad and fully four inches long. The base of the leaf is unequal. The flowers are borne in hanging clusters of six to twelve, supported on a modified leaf, called a bract. Later this bract serves as a float for the attached fruits. The fruits may hang through the winter. The linden is excellent for roadside and streetside planting where it has enough room for its large crown to expand.

In many respects the European linden (*Tilia vulgaris*) is probably more desirable, with its smaller leaves, more compact habit. This tree likewise grows to great size, often 100 feet high. For superb specimens of this tree visit Swarthmore College campus or Haverford College campus.

"Dan" Redmond's Berwyn nine got off to a fine start Saturday, defeating the Ardmore tossers, 11 to 3 count, before a large opening day crowd. Berwyn hit Doran hard in the pinches, gathering thirteen bingles. A three-run rally in the third frame clinched the decision. Trost started the rally with a triple and Shellenberger singled, tallying Trost. Faulk walked and Eachus singled, scoring two runners.

Redmond hit a homer in the fifth with two on the Berwyn. "Jimmy" Noblitt kept the seven hits of the losers well distributed and fanned six.

The hitting of Redmond and Trost and the fielding of Shellenberger and Redmond were the high lights of the game.

Miss Houston a Composer

Miss Grace E. Houston, of New London, Connecticut, formerly a student at Lower Merion High School and a Narberth resident, was one of the authors of "Sir Olaf," an original cantata presented by students at the Connecticut College for Women.

Miss Houston, who is also singing in the production, will graduate next month. She specialized in music at the college and plans to enter teaching in the fall.

Library Lists Its May Book Purchases

The list of books purchased at the Library during the month of May includes "Scarlet Sister Mary" and Elmer Rice's "Street Scene," recent winners of the Pulitzer award, and several detective stories, among them being "Murder of a Mystery Writer," a subject which stimulates the interest of nearly everyone, and also at last, "Cradle of the Deep," by Joan Lowell, to satisfy popular demand. The complete list follows:

"Man in the White Slicker," by Leonard Nason; "Illusion," by Arthur Train; "Murder by the Clock," Rufus King; "Strange Disappearance of Mary Young," by Milton Young; "Death on Scurvy Street," by Ben Ames Williams; "Three Points of Honor," by R. C. Carter; "Rain Before Seven," by Jessie Fox; "Preface to Morals," by Walter Lippman; "Christ of the Indian Road," by E. Stanley Jones; "On the Bottom," by Edward Ellsberg; "Further Poems of Emily Dickinson," "Street Scene," by Elmer Rice; "Dark Star," by Lorna Moon; "Cradle of the Deep," by Joan Lowell; "Earlier Life and Letters of W. H. Page," "Scarlet Sister Mary," by Julia Peterkin; "More Mother Stories," by Maud Lindsay; "Come with Us Through Italy," by Frank Schoonmaker; "American Playwrights of Today," by Burns Mantle; "Father William," by Donald Stewart; "Cultivated Evergreens," by L. T. Bailey; "Cavender's House," by E. A. Robinson; "Murder of a Mystery Writer," by John Hawk; "When Sarah Saved the Day," by Elsie Singmaster; "When Sarah Went to School," by Elsie Singmaster.

Isn't Positive Protection Worth the Cost---

When the cost of safe deposit boxes and silver storage is low?

When you go away for your summer vacation don't risk the chance of fire or burglary destroying your papers, jewelry, silver-ware and other valuables. Even when you are home the chance remains, so why not let us guard them in our vaults, where they will have permanent positive protection all the time?

"Satisfy your butter taste,"
says The Farmer Boy.

Use Sommermaid Butter.
Why? Because it's better
butter. It is unadulterated,
made from pure rich cream.
It's the kind for your folks.

THERE'S SUCH A DIFFERENCE IN BUTTER.
